Dear Friend of FVA,

As a supporter and/or benefactor of volunteer programming, you recognize the value of effective recruitment and management of a community’s volunteer resources. The Forum for Volunteer Administrators (FVA) is well known in Northeast Ohio for providing both education and collaborative opportunities for volunteer management professionals.

FVA’s 18th Annual Education Conference will be held **November 9, 2023** at the Educational Center in Independence, OH, along with a virtual attendance option.

Conference sponsorship helps keep registration fees and expenses reasonable to allow volunteer management professionals access to national experts and networking opportunities provided at this one day conference. Having highly trained volunteer management professionals ultimately results in a robust volunteer climate in our communities.

Enclosed are the sponsorship opportunity levels and confirmation form. **NOTE: Sponsorship levels also include complimentary registration tickets.**

*We hope you will join FVA in their efforts to advance the field of volunteer management by becoming a conference sponsor.*
